Objective

Motivated and detail-oriented software engineering graduate pursuing a BEng (Hons) in Software Engineering. Strong academic background with proven excellence in research and software development. Seeking to expand knowledge, apply innovative technologies, and contribute effectively to academic and professional environments.

Education

BEng (Hons) in Software Engineering 09/2025 – Present
London Metropolitan University (UK)

Higher National Diploma (HND) in Software Engineering 2023 – 2025
Esoft Metro Campus

Achieved 15 Distinctions and 1 Merit
Awarded Top Performer in Software Engineering – 2025

Advanced Level (A/L) and Ordinary Level (O/L)
Completed

Technical Skills

Programming Languages Python, Java, C#, JavaScript	Web Development HTML, CSS, React, PHP, SQL, MySQL
Tools & Platforms Git, GitHub, Microsoft Office	Design & UI/UX Figma, Prototyping

Projects

Employee Management System (C#)  2024 CRUD operations with data handling features.
Payroll System (C#)  2024 Desktop application for employee payroll automation.
Library Management App (Prototype, Figma)  2024 Conceptual design and user interface.
Velvet Vogue E-commerce Clothing Website  2024 Developed using HTML, CSS, JavaScript, PHP, and MySQL.
E-Video Cloud App (Prototype, Figma)  2025 Video streaming application design.
Bus Reservation System (Java)  2025 Seat booking and reservation management system.
Sales Analysis System (Python)  2025 Data analysis and reporting system.

Research Projects

Computing Research Project (CRP): Big Data in Banking Extended analysis with focus on predictive analytics.	2025
Planning a Computing Project (PACP): Big Data in Banking Studied impact of Big Data on banking operations.	2024
Group Project: Cybersecurity & Internet Crimes Presentation and study on threats and preventive measures.	2024

Achievements & Awards

Top Performer in HND Software Engineering Esoft Metro Campus	2025
--	------

Extra Activities

- Participated in group presentations and seminars on Cybersecurity awareness at HND level.
- Enthusiastic self-learner in advanced programming, regularly exploring new frameworks and tools.
- Managed a digital content platform, focusing on creative content development and audience engagement.
